OUR LADY OF VICTORY SCHOOL

PHILOSOPHY

Our Lady of Victory School provides an education built on the foundation of Catholic traditions. We emphasize moral, spiritual, and family values. Students are nurtured, challenged, and respected.

Incorporated in the strong academic program is the recognition of the student's special talents and abilities. As followers of the teachings of Jesus, we expect students to become the future Church and caring citizens of His world.

MISSION STATEMENT

The mission of Our Lady of Victory School, a parish school servicing families throughout the greater West Haven Community, is to educate students in a caring environment rich in Catholic tradition and academic excellence.

As a community rooted in the teachings of Jesus, we foster individual talents and abilities that prepare students to be witnesses to the Word of God.

Our Lady of Victory School is a Catholic community that challenges its students to take responsibility for both local and global concerns and understands the role each person has as a Steward of God's creation.

The administration, faculty, and staff, in partnership with parents and guardians, promote the development of moral values, a love of learning, an appreciation of self, and the dignity of each person as a child of God.
